So our team is ready to serve you and fulfil your visions and requirements of generating & spreading smiles on the faces of children. And help out children to experience **ADVENTURE, HAPPINESS AND JOY.**

# About PlayNxt.

**PlayNxt** is a new range of play equipment developed by Shree Raghuvir Industries. It is crafted with expertise and extract of our experience in this field. Its conceptual approach help to bring the children to playground in this digital world to develop various qualities as well as to make them fit. This Segment is attractive and its uniqueness will work as magnet to bring children to playground.

In this Platform the equipment are crafted in such a way that the children will get inspire to learn more about the concept while playing with the equipment. So it's simple *"Play to Inspire"*. So go for it to make your vision possible of filling happiness and joy for children. Our team will be ready to help you to craft your vision of making children happy.

# Why PlayNxt?

Its an approach to bring out the children to playground by its conceptual or theme based aesthetic. We all know that the children are getting trapped in the digital prison of games and entertainment. And it has shown negative effects on children such as obesity, irritating nature, eye problems, etc. Also the children love new themes and concepts to be around. So PlayNxt is the perfect source to take them to ground and inspire.

The Reasons to go with PlayNxt:

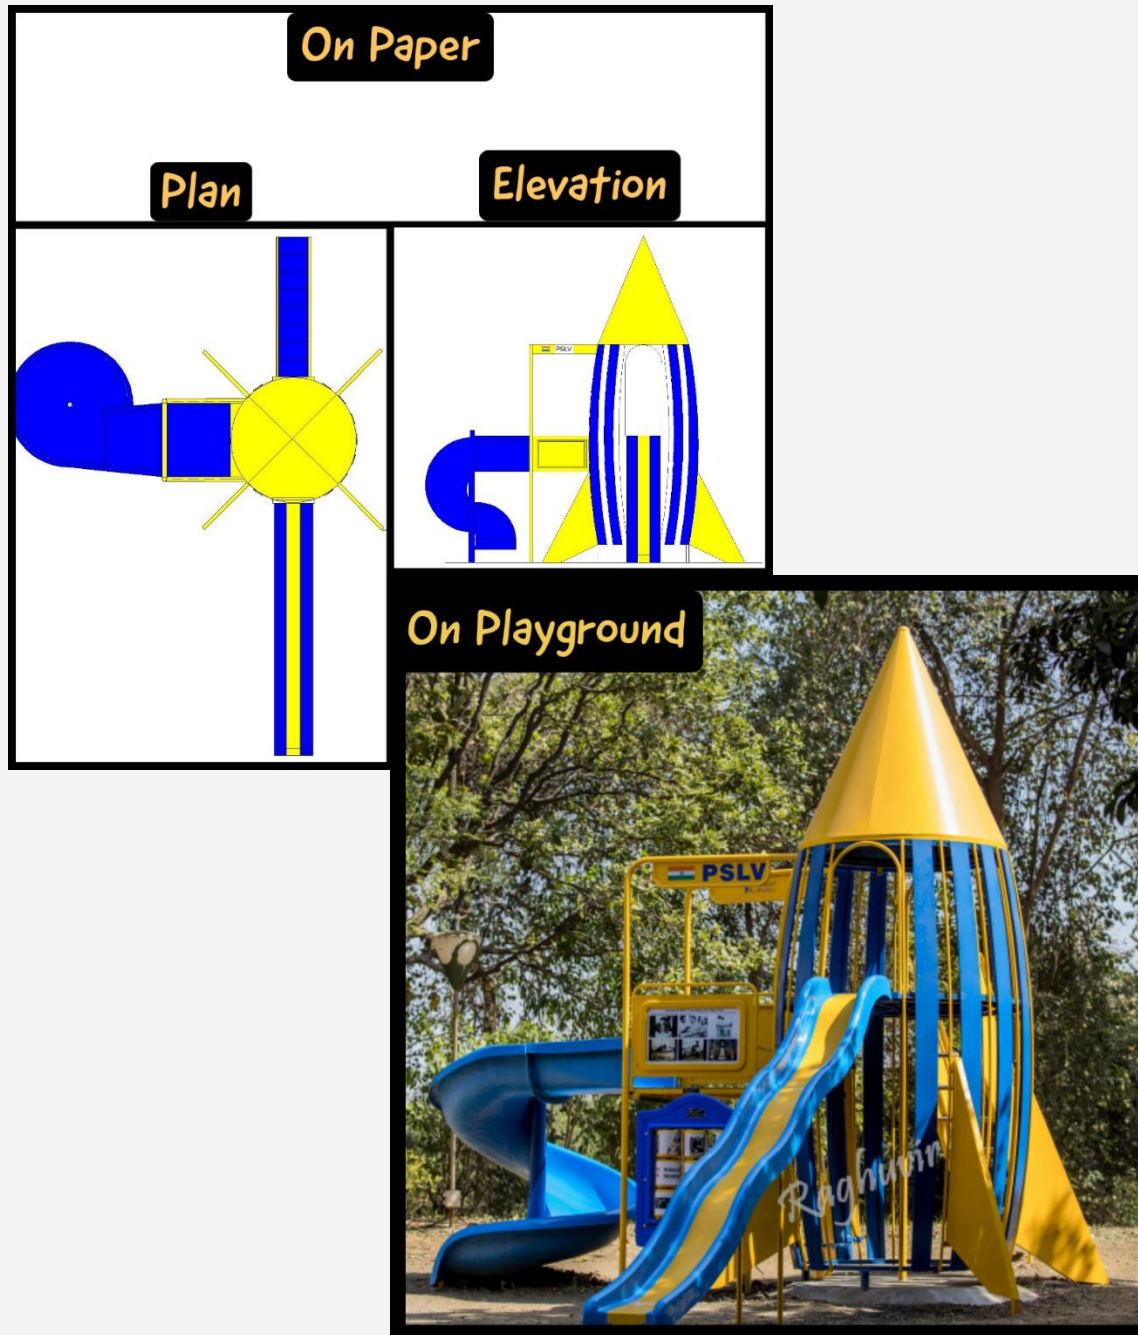

# Our different projects

## From

## Paper To Ground

# THE PSLV PROJECT

# THE PSLV PROJECT

In this digital world a unique approach to take the children to playground through Rocket concept.

This Multiplay is crafted in such a way that it will help the children to play as well as to know about the astronauts and the Indian scientist who gave his valuable work to development of our nation.

This multiplay have many features such as slides, climbing, Matching drums, panels, sittings and dome. One of the main features are knowledge panels which have history of ISRO from Bicycle to “MOM project”.

Also the creative dome which will help the children to feel like they are in space. Matching drums will help the children to match the scientist with their works.

**This rocket will launch the smile, happiness and joy on children face. Re-invent the rocket in playground with the team of Raghuvir.**

# THE CART MULTIPLAY

## ON GROUND

SHREE RAGHUVIR INDUSTRIES, BHARUCH, INDIA

## ON PAPER

## THE CART MULTIPLAY

A creative approach to make the children know about our vintage transportation element. Anciently It has been used for many purposes such as transportation of crops, Travelling, in Marriages, wars, etc. As it is simple in mechanism it needs animals such as horse, bullock, camel, etc. to run.

This approach is to recall and enjoy and learn about this ancient transportation system.

This cart will help children to travel through happiness, joy, friendship & creativity. Also will drop the smiles on their faces. So Re-invent the cart in the playground.
